1. Link to Sprint's output:
Project is not currently live to the internet so no link is possible as it is currently run locally on development machines
2. Completed goals from meeting 1 (Sprint 1 backlog)
 - a. Task Manipulation, View, Create
 - b. User Login, Logout
 - c. Front End Task Dashboard
 - d. Database Creation
3. Goals not completed from meeting 1 (Sprint 1 backlog)
 - a. User/Account Management
 - b. Task editing
4. Sponsors' comments/questions:
 - Carolyn was very impressed with amount completed during sprint.
 - Enjoys simplicity of the system for ease of use.
 - Would like user management entirely done by admin I.e password management
5. What will you have done before the next meeting?
 - a. User management
 - b. Edit tasks
6. Group collaboration: discuss among yourselves.
As a group we were very happy with the progress we were able to make during the first sprint, despite not completing all of the backlog. A lot of the sprint was spent learning the django Framework but once we had a better understanding, the system began to fall into place.
